SUMMARY

Product designer and graphic designer with a Bachelor's in Graphic Design and a Master's in Design + Innovation from the University of Wisconsin-Madison. Experience in UX/UI design, branding, and print and digital marketing across freelance projects, a university retail team, and Northwestern Mutual corporate summit.

WORK EXPERIENCE

Founder at KVStudios – Design Practice

Jan 2020 – Present (St. Paul, Minnesota)

Founded KVStudios, a solo design practice. Helping local businesses and clients bring their creative vision to life. Growing from branding and print work into UX/UI product design.

- Designed and shipped a full website redesign for Essence of Crystals, a crystal and holistic goods shop that I managed from competitor research and journey maps through wireframes and high-fidelity Figma designs (2023–2024)
- Partnered with Bartender 608 to audit their website and then created a high fidelity prototype redesign to increase traffic and improve clarity for customers (2025–2026)
- Worked with Accessible Housing Wisconsin to improve their website layout in order to highlight their team's main mission more and their features, also conducted user research to tailor the design to its target audience (2025–2026)
- Converted brand assets into web ready SVG files for Olli Health, a healthcare technology company (2026)
- Designed merchandise for student organizations, HASA (2024) and KASA (2022–2023) at the University of Wisconsin-Madison
- Created spotlight videos and was in charge of photography for the student organizations, HLUB and APAA, at the University of Minnesota Duluth (2021–2022)

Standby Graphic Designer at Cedar & Spice

Sep 2025 – Jul 2026 (Madison, Wisconsin)

Designed large-scale environmental graphics for corporate clients as a graphic designer.

- Planned and designed the backdrop for Northwestern Mutual's annual company summit from beginning to end (2025)
- Designed initial concepts for Raven Software's Black Ops 6 holiday event backdrop, a large-format environmental graphic (2025)

Marketing Design Intern at University Bookstore

Oct 2024 – Jul 2025 (Madison, Wisconsin)

Designed print, digital, and in-person marketing materials for the University Bookstore, supporting fast-paced campaigns and events that helped students and fans engage with the store.

- Designed email campaigns using Mailchimp to promote merchandise and sale events across store channels
- Created posters advertising campus events, games, and key dates using InDesign
- Led a digital project creating social media graphics in Illustrator to celebrate school spirit
- Produced digital designs for printed table tents used during outdoor events using Illustrator and Photoshop
- Represented the store at tailgating events, including appearances as the store mascot
